1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 2-30,35-37, drawn to an aircraft wing connection, classified in class 244, subclass 131.
 - II. Claims 31-34,38-41, drawn to a method of servicing a bearing, classified in class 29.

The inventions are distinct, each from the other because of the following reasons:

2. Inventions I and II are related as product and process of use. The inventions can be shown to be distinct if either or both of the following can be shown: (1) the process for using the product as claimed can be practiced with another materially different product or (2) the product as claimed can be used in a materially different process of using that product (MPEP§806.05(h)). In the instant case the product of I can be serviced by replacing the whole roller assembly.
3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.
4. During a telephone conversation with mr. Wechkin on 5/28/2004 a provisional election was made without traverse to prosecute the invention of group I, claims 2-30,35-37. Affirmation of this election must be made by applicant in replying to this Office action. Claims 31-34,38-41 withdrawn from further consideration by the examiner, 37 CFR 1.142(b), as being drawn to a non-elected invention.
5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one

or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

6. This application is in condition for allowance except for the presence of claims 31-34,38-41 to the invention of Group II non-elected without traverse. Accordingly, claims 31-34,38-41 have been cancelled.

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Galen L Barefoot whose telephone number is 703-308-2567.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Teri Luu can be reached on 703-305-7421. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
